# HI THERE!

At Ertedad Inspection, we are dedicated to providing exceptional third-party inspection services to ensure the safety, reliability, and efficiency of your equipment. Our team of experts is committed to delivering high-quality services that meet the highest standards of quality and integrity.

With a focus on earth moving equipment, lifting equipment, and other critical machinery, we understand the importance of thorough inspection and testing. Our inspectors are trained to identify potential issues and provide actionable recommendations to prevent costly downtime and ensure continuous operation.

In addition to our inspection services, we also offer specialized NDT (Non-Destructive Testing) and HSE (Health, Safety, and Environment) training programs designed to equip your personnel with the knowledge and skills they need to work safely and effectively.

# CEO MESSAGE

**Kamran Ali Qureshi**

As the CEO of Ertedad Inspection, I am proud to lead a team of dedicated professionals who are committed to delivering exceptional inspection services to our clients. Our company's mission is to provide third-party inspection services that meet the highest standards of quality and integrity, and we are committed to achieving this mission through our expertise, professionalism, and customer-centric approach.

At Ertedad Inspection, we believe that safety, quality, and customer satisfaction are paramount. We take pride in our reputation for providing personalized service, exceptional quality, and unparalleled expertise to our clients. Our team of experts is dedicated to ensuring the safety, reliability, and performance of equipment, and we are committed to delivering results that meet the highest standards.

I would like to take this opportunity to express my gratitude to our clients, partners, and employees who have supported us in our journey. Your trust and confidence in us have enabled us to grow and thrive, and we are committed to continuing to deliver exceptional services that meet your expectations.

At Ertedad Inspection, we are committed to staying ahead of the curve in terms of technology, innovation, and best practices. We are constantly investing in our people, processes, and infrastructure to ensure that we remain at the forefront of the inspection services industry.

I invite you to explore our website and learn more about our services, accreditations, and expertise. If you have any questions or would like to learn more about how Ertedad Inspection can support your business needs, please don't hesitate to contact us.

Thank you for considering Ertedad Inspection.

Sincerely  
Kamran Ali Qureshi

CEO, Ertedad Inspection

# VISION & MISSION

## Vision

At Ertedad Inspection, our vision is to be the leading provider of inspection services in the Middle East, recognized for our expertise, integrity, and commitment to delivering exceptional quality and customer satisfaction.

## Mission

Our mission is to provide innovative, reliable, and efficient inspection services that meet the highest standards of quality and integrity. We are committed to delivering personalized service, exceptional quality, and unparalleled expertise to our clients, while ensuring the safety, reliability, and performance of equipment.

We strive to achieve this mission by:

- Providing expert inspection services that meet the highest standards of quality and integrity.
- Building long-term relationships with our clients based on trust, respect, and open communication.
- Investing in the development of our people, processes, and infrastructure to ensure continuous improvement and innovation.
- Staying ahead of the curve in terms of technology, innovation, and best practices.
- Fostering a culture of safety, quality, and customer satisfaction.

By achieving our vision and mission, we aim to become the go-to partner for inspection services in the Middle East, and to make a positive impact on the industries we serve.

# OUR SERVICES

## Mechanical Inspection Services

Our mechanical inspection services are designed to help prevent equipment failures and reduce downtime. Our team of experienced inspectors uses a variety of techniques to assess the condition of your equipment, including:

## Non-Destructive Testing (NDT)

Our NDT services include visual inspections, ultrasonic testing, radiography, and other advanced testing methods to detect defects and weaknesses in equipment and materials.

## Specialized Inspection Services

We offer specialized inspection services such as drone-based inspections, thermal imaging, and vibration analysis to help our clients identify potential issues and optimize their equipment performance.

## Compliance and Regulatory Services

Our compliance and regulatory services include assistance with regulatory reporting, compliance monitoring, and auditing to ensure our clients are meeting all relevant industry standards and regulations.

## Training and Development:

We offer training and development programs for our clients' personnel, including operator training, maintenance training, and quality control training to ensure they are equipped to perform their jobs effectively.
